

REMARKS

Please enter the above amendment prior to calculation of the filing fee. Claims 1-20 are now in the application.

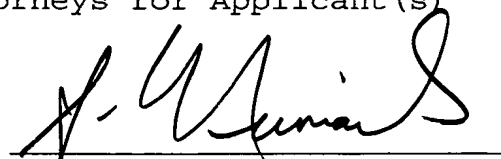

The above amendments to claims are made to place the claims in better form for U.S. practice and to eliminate all multi-dependencies in order to reduce the U.S. government filing fee. Such amendments are made entirely without prejudice to applicant's rights to later present claims of varying scope encompassed by the multi-dependencies deleted above, i.e. such amendments are made without dedication, disclaimer, abandonment, waiver, forfeiture, renunciation, concession, and/or surrender of any kind. No limitations are added and none are intended, and the amendments presented above are not "narrowing" amendments.

Applicant now awaits receipt of a Notification of Missing Parts.

Respectfully submitted,
